AHOY! DECEMBER 2008

FROM THE HELM

Newly installed Commodore Terri Lahey with Rik Carlson and Usd Commodore Kay Burns

As we start this busy holiday season, it is really busy down at the club!

The new building is visible, creating a sense of excitement and joy! It's like a gift from St. Nick that we are giving to each other and to the continued health of the club. Years of anticipation and dreaming, design and planning, and efforts of many Boards and members are coming to fruition. It is so exciting that we will be moving into our new space early in 2009. The building committee and board wants to hear from you with your ideas. I've already seen lots of members offering recommendations and ideas. Watch *TellTales* for times that the building committee will give presentations at the club, so you can see the plans again, view a computerized animation of the inside and outside of the clubhouse, and ask questions. Thanks to the building committee, who have been working hard all year to bring us to this stage, and to the finance committee who brought us our new loan structure. To provide input to the building committee, contact Kelly Pike, Ofer Amir, Margie Gator, Mimi Wisnom, or me (newbie on committee). From time to time, there are tasks where we can volunteer to help; contact Larry Miller or the building committee for more information. We're looking forward to "opening this gift" during the first quarter of 2009. With help from the building committee, I'll keep you posted on important dates.

There are many wonderful events already scheduled on the 2009 calendar. Harbor Lights is Saturday December 13. Stroll the harbor to enjoy the beautiful lighted boats, and then come to the club for the award ceremony and to warm your inside with a hot soup dinner provided by Carol Smith. Drop by to show the community what a great club we have!

Decorate the clubhouse on Sunday, Dec 7, and race Dec 21 in the 3rd Sunday winter race series. After the new year, attend the Saturday Morning Sailing Breakfast on Jan 3, 2009 to talk about all our boating activities. Check out the online calendar and our weekly Tell Tales email.

The Commodore's Ball was a wonderful party! We thanked the 2008 board, 2008 support staff and members who had volunteered "above and beyond", and welcomed the new board. Thank you to Cynthia Ramseyer and Georgia Ysselstein for creating such a wonderful event, and to the Staff Commodores for a fun-filled roast of our new Staff Commodore, Kelly. Congratulations, Kelly! At the end of a fun-filled, gorgeous event at Oceano Hotel, the party came home to our clubhouse for an afterglow party.

The Port Captain, Events Planning Committee, Sailing Committee, Cal20 and C15 sailing groups, Women's Sailing and other groups are busy with plans for our 2009 events. We'll post the year's calendar (so far) in the January AHOY!. Check it out. Pick at least 1 event each quarter, and come volunteer your time and energy. It's lots of fun. You meet new friends, and become more and more a part of our extended family of friends. Most of all, come participate. It's your club.

I want to include a hearty thank you to our 2009 BOD Nominating Committee who worked behind the scenes and succeeded in their task: Stephanie Breslin, Kelli Ambrosi, Maureen Grimm, Jessica Sullo, Paul Minoletti, and Neal Wehtje.

I especially want to thank the 2009 Board who have stepped up to the plate, and are volunteering with me in the upcoming year: Neal Wehtje, Ray Durazo, Rich Sullo, Cecily Hatchitt, Bernie Forde, Bjorn Conrad, Suzy Pinkerton, and Kelly Pike. Check out the back page of AHOY for our contact information. Contact any of the board if you are interested in helping or have questions about the club.

I look forward to this coming year as I serve as your Commodore. It is important that we have fun, keep our club financially healthy (so we can open the doors and have fun!), and move gracefully and joyfully into our new building. Let's play on and at the water's edge.

Wishing you a Healthy, Happy, and Safe Holiday Season! See you at the club. – Terri Lahey

BUILDING UPDATE

We are about 1/3 of the way through the project. The foundation is in; the plumbing and electrical, that will be beneath the floor is in, and the sub floor is on. The front steel frame is up too. Next up are the walls and then the roof rafters.

We are running close to the budget estimate except that the concrete was more than anticipated. We have had some savings too. The windows were less by about \$5000 and this weekend members installed the sub floor, which saved some labor costs. The building committee would like thank members for the input they have been receiving. It has helped with decisions as to how to proceed when Urs needs us to provide more detail on items like the interior and exterior lighting placement. If you look at the image below you will see the front wall of the club as it will appear in day time.

At night there have been a many requests for various lighting options; security, flood lights, and subdued deck lighting. To provide for these options sufficient wiring will be laid now when it is easy and less costly. The fixtures will come later after the building has received its final inspection. If you have suggestions for deck lighting pass them on to the building committee.

ANOTHER FIRST

On Saturday, November 21, HMBYC members had their first “we don’t need no stinking occupancy permit” luncheon, if not in the new building, at least **ON** the new building floor, which most wonderfully does not leak, squeak, or collapse unexpectedly. Among those assisting Urs Willimann with laying insulation and plywood were: Bob Cantillo, Monty Hampton, Larry Miller, Paul Minoletti, Dave Morris, Gary Naman, Kelly Pike, Terry Ramseyer, Clarke Simm, Curtis Walling, Neal Wehtje, Rick Winans, and Harry Ysselstein.

DON'T LET GO OF YOUR MAIN HALYARD EVER!

Curtis Walling Scales the Mast of Venus Envy

For the second time this year, Venus Envy's main halyard was accidentally "let go" and eventually retrieved! Lots of drama the weekend of November 15 and 16 to retrieve her halyard with lots of fine support all the way around from Curtis Walling (Our Rookie of the Year made a good effort to get to the top but no "cigar"), Bob Cantillo, Carol Hoover, Peggy Ruse, Terri Lahey, Clarke Simms, and Rick Wynas. We learned that VE's main halyard shackle is the wrong size and continues to get jammed in the upper section of the mast. We will be replacing it with a shackle that will either slip through and never go through the apparatus at the tippy top. Look for Peggy or Bob to get all the dramatic details. Also, check out www.sailnet.com forums to hear all the details of how other sailors have retrieved their halyards.

Smooth Sailing, Peggy.Ruse

Commodore's Ball

It was a perfectly splendid evening was November 15. With an attendance of 104 people in their sequins, feathers, kilts, tuxedos, and patent leather shoes, the party started rocking and never stopped. And this year we had 30% NEW attendees to celebrate a very good year It is always amazing how we clean up and shine—not a single bit of yellow foulies to be seen as everyone danced to the tunes of the South City Blues Band and had a great time at Hotel Oceano. Put Saturday, November 14, 2009 on your calendar NOW so you are there!

COMMODORE'S BALL 2008

HMBYC Arts and Sciences Symposiums

It started out as a joke, but lo and behold, sometimes things come to fruition just because someone had a good idea. Thinking back on how well attended various lectures and special presentations have been received by the membership, the Events Committee will host a series of lectures and dinners over the winter months to keep those synapses snapping along. So mark your calendars and be there for these talks and dinners. Lectures start at 5:30 pm (or after dark) with nice dinner served afterwards.

- **Sunday, December 28.** HMBYC's own Urs Williman will talk about the Straw House in Bridgeport, California that has yet to be blown down by a big, bad wolf. Come learn about green architecture! Dinner will be Chicken Marsala made by Terry Ramseyer and Barb Walt. \$10.
- **Saturday, January 17.** Larry Miller of the USGS will talk about his work as a hydrologist at Mono Lake California. Come hear a fascinating presentation and then have a great dinner prepared by HMBYC's uber-chef, Phyllis Smith. Price and menu to be announced.
- **Saturday, March 28.** Come here NASA's Mars Czar, Scott Hubbard, give his Carl Sagan Medal lecture on how he reorganized the Mars program and put Spirit and Opportunity on Mars (where they are still doing their thing). Dinner will be \$15 (we have to pay a speaker's fee!)
- **Saturday, April 25.** HMBYC member Diana Plank will give us a photo safari of Africa – animals, animals, and more animals included in the adventure.
