

May 2021

 **HMBYC CALENDAR**

May 2021

Finding our Rhythm

May will be our first month of regular bar service for drinks on the deck. We will ease into things by having regular Friday Night Happy Hours and Dinners from 4 to 8pm and regular Saturday afternoon hours of noon to 4pm. We will add hours as demand dictates. We will start with wine, bottled beer and soft drinks and add draft beer and cocktails as we get into our groove. Join us to speed up the process! And look for details about our Mother's Day Brunch on Sunday, May 9th.

We will have our first Adult Sailing Class on Saturday and Sunday, May 15th & 16th. Great chance for some of our many new and old members to learn to sail. The big bonus being that Pillar Point Harbor becomes a playground rather than just scenery west of highway one.

And finally, a heartfelt shout out to all the volunteers who went above and beyond to get our club ready for reopening on May 1. I tried to keep track and a list is below. I sincerely apologize if I missed someone and ask that you bring it to my attention as I will be posting this list elsewhere and want it to be complete. It was a pleasure working with all of you and getting to know you.

Easing into Allowing Guests

To protect our members, and allow them to bring some guests to the club, we are reducing the maximum number of guests from 10 to 5 for the near

future. We will ease this as conditions allow. We still strongly urge groups with guests to socially distance themselves from others and we encourage all members and guests to wear masks when not eating or drinking. Not quite time to let down our collective guard.

RECRUITING Cal20 SPONSORS

Calling for members interested in volunteering as "sponsors" on our fleet of Cal20s. Sponsors work in teams to maintain and repair our club-owned boats during the winter, and they benefit by getting first dibs on the boats during sponsor races in the summer! This is always at the core of our club's unique ability to offer free sailing on our boats, and it's a great opportunity to learn new skills in a team environment.

Please contact cal20fleet@hmbyc.org to get signed up.

Volunteer Coordinator Needed

HMBYC is looking for a Volunteer Coordinator!

No surprise, this is a volunteer position and a chance to develop the role. We are looking for someone who could survey our members to determine who can volunteer in what areas and connect with new members to get them involved. We would love to get to where we have 50% of members volunteering to help the club in some way. email vicecommodore@hmbyc.org for more information.

RECREATIONAL BOATERS OF CALIFORNIA SACRAMENTO REPORT

By Ray Durazo, *Staff Commodore, HMBYC*

High Stakes Poker

The hottest topic in Sacramento these days is the state's recovery from the COVID pandemic. How soon, how fast, and how best managed are subjects consuming lots of time, energy and debate. The outcome of these deliberations hinge on a single and totally unpredictable factor: New cases of the virus.

If infection rates drop, remain steady, or if they spike as restrictions are lifted, the political implications are formidable. For many in the capitol, it is a poker game with the highest stakes.

For instance, whether the recall movement which seeks to oust the Governor either succeeds or fails will be largely influenced by the numbers. In turn, the

prospects of elected legislators will also rise or fall depending on their positioning as pro-opening or pro-lockdown.

The uncertainty of the situation is exacerbated by conflicting indicators. Once criticized for the rapid spread of the virus, California is now held up as an example of a state that handled the matter well, or at least better than many other states. On the other hand, the damage done to the economy, particularly in the small business sector, looms large in the public consciousness.

All this results in a collective nervousness in the executive and legislative branches of state government that affects how business gets done. Without a clear path to recovery, decisions on policymaking become tentative and cloudy. Only time and epidemiological statistics will ultimately tell the tale.

While on the subject of the pandemic, it is appropriate to reflect on how HMBYC has fared during these difficult times. Many other yacht clubs have staggered under the weight of restrictions and their resulting shutdowns, while our Club has sailed through the storm relatively unscathed. A huge amount of credit for this goes to the Officers and Directors who have made the right decisions and kept the ship on an even keel.

The light at the end of the tunnel glows a little brighter each day, thanks to their skillful leadership.

NEW MEMBERS **WELCOME ABOARD**

Paul, Meltem & Ted Gikas

Our son did a one week youth sailing camp in the past. We had a great experience with the club and always wanted to join. We are looking forward to learning how to sail as a family and spending some time at the club.

Ralph & Tess Wigginton

Our friend Helen Rodgers invited us to the a couple of times for drinks as guests on a Friday night. We are looking forward to meeting some new people and giving sailing a try.

Cathy Casserly & John Ortiz
Covid lockdown had me walking Mavericks more and I saw the folks on the paddle boards and kayaks enjoying themselves — it piqued my interest to explore. We are spending more time in HMB and want to enjoy being on the water (*rather than just viewing the water*) and meeting more of the community.

Jeffrey Bubin and Indrani Stangl
We moved here from the peninsula about a year ago and with the pandemic haven't been able to get as active in the community as we would have normally. Jeff has been a sailor his whole life! We are looking forward to social activities, volunteerism, water activities, and getting to know more people!

Nina Greeley and Doug Nolan
I live just across Hwy One and am a new boat owner. My husband and grown kids may also enjoy the facilities on occasion. I am looking forward to rowing in the harbor and meeting new friends. I also know that I have some old friends who belong. See you at the club!

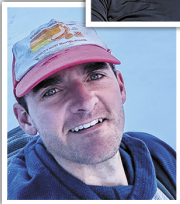

Chris Ice and Diane Palme

We have the pleasure of having Joe Rockmore as a friend and neighbor. We are both US Sailing Basic Keelboat certified but very rusty due to lack of access and practice. We are looking forward to spending more time on the water in a safe environment to build our confidence and skills.

Otto Stegmaier and Betsy McCormick

My wife and I both grew up rowing and love to be on the water. We're hoping to learn to sail and get involved in the community events at the club! We are looking forward to sailing!

**John and Tai Kim,
Megan, Nicole, Olivia**

We are looking forward to sailing with a community of like-minded individuals!

Dan McLaughlin

I wanted a place to sail that was low key and fun. I was planning on joining last year, but Covid hit and everything shut down. I'm looking forward to doing a little sailing, a little racing, and having a little fun

Kate Shea, Tessa, Jeremy, Jake

I work at Mavericks and have made several friends at the club. I'm looking forward to getting involved and sailing lessons for Tess.
