CELEBRATE OUR NEW DOCK!

On Saturday March 25, a large group of members volunteered part of their weekend to assemble our new dock sections after the old dock suffered significant storm damage. We are so grateful for the large crew of volunteers who put in a day of hard work and powered through so well that we got it all done in a day. It was a very impressive group effort for a project that was going to take two days to complete. Heartfelt thanks to the many smiling members who gave up their Saturday to help the club. Your efforts are very much appreciated.

A special thank you to Kelly Pike, our dock engineer extraordinaire, who put in many days in advance for prep and planning. Next we will prepare to float our new dock sections and connect them to our moorings, after the big storms are in the rear view mirror.

Thank you so much to our crew:

WELCOME NEW MEMBERS!

CK & Amaris Blackmore

Amaris is a Producer for the Exploratorium and CK is a Psychologist. They are both still working mostly from home, so having a new backyard to explore is super exciting! They moved out of San Francisco to Pacifica a year and a half ago and are looking forward to learning new ways to connect with the ocean, weather, and creatures. Our pals Kat and Rea introduced us to the club and put the wind in our sails to learn new skills and we're looking forward to getting our feet wet (puns intended).

Natalie & Marc Passen

Ben introduced us to the club. We're looking forward to getting to know everyone, kayaking, table tennis and enjoying the beautiful view!

Jeff Solberg & Lisa Berlin-Solberg

We both love the ocean and have sailed many times, mostly as guests. Lisa has crewed on a number of sails. We moved to the coast 7 years ago, have recently retired and want to get more involved in both sailing and socially. Lisa grew up in Hawaii and has sailed most of her life. I love the ocean and have sailed many times as an adult, mostly as a guest but have also helped as a crew. I also scuba dive and ocean kayak. We would like to have some formal training on sailing. We are also excited to participate in the social activities and meet people. I would like to help with some of the activities.
