FROM THE HELM

Well it's been a slow week in Lake Wobegon. The cold spring has prevented any signs of the ice cover on the lake breaking up. The chatter at the Chatterbox Café is that this may be the year that Karl Krebsboc, who always takes June 1st, just in case everyone else guesses too soon, will finally win the pool. While all the dark Lutherans are hunkered down in Minnesota with nothing to do but jawbone about when winter will finally end, the happy Lutherans who moved to California and joined the HMBYC have been busy indeed.

With no ice to contend with, we never stopped our water activities and added a couple of boat rescues and a new regatta over the winter. As spring blossoms, we are having a crescendo of activity. There is 160 feet of floating dock parked in front of the club thanks to efforts of Kelly Pike and his dock committee. They are currently conjuring up a mechanism to connect that dock to the shore. Then indeed we will get people on the water without getting in the water. It will be a great boon to our sailing program and cruising activities with other clubs. I expect many more of our members to find their way onto boats this year.

If you have wanted to join the sailing crowd, but can't tell a sheet from a halyard, go to the Parks and Rec. office in Half Moon Bay and sign up for Dick Schubert's Adult Beginning Sailing Class in June. It will be all day Sunday June 5, and four evenings on the subsequent Mondays and Tuesdays. We are looking for a full summer of sailing activity, and the class will be a great way to jump start your sailing adventure.

On the social scene we hope many of you will join us for two sailing BBQs. The first is during the

Commodore's Cup April 30th when a new band, Thunder Grey, will be playing from 6:00 to 9:00 PM. The second is the Memorial Weekend BBQ Sunday May 29th. We have four clubs sailing in to join us that weekend. One of them threatened to throw a beach party for us on Saturday.

More than ever, the HMBYC is the place to be Friday evening. The latest stir is the youth sailing spear headed by Kathy Barbarino and assisted by a host of members including Bill Klear, Dave Slatter, George MacLeod and Dean Skelton and of course it's sailing at the HMBYC and I just can't stay away. The weather tried to discourage us on our opening night, April 8th, with rain squalls and gusty winds still four adventurous boys took to the water in two lasers and did a lot of capsizing practice. We all enjoyed watching them from the lanai around the stove with a blazing fire and eating pizza. Our numbers grew by the following week as the word spread, and we had 13 kids on the water in four lasers, one Hobie, one El Toro and the Manta. We held three races and in the last one we were treated to a nice match race between Joel Slatter and Michael Klear against Geoff and Sam Skelton.

We need some help getting more boats ready for use as it looks like this thing is growing. We are seeking 501C3 non-profit status so that boats can be donated to this youth program. In the mean time there are some hulls that can be resurrected in the boat yard now. Anyone with time and the will to help contact me at mail@drquest.com and we'll put a work party together. This thing is just getting to be more fun all the time.

See you at the Club,

HMBYC 1st Annual Swap Meet

On April 2, the first HMBYC Swap Meet was held in the harbor to the delight of a handful of eager swap meet regulars and a modest amount of passers-by who partook in the examining and purchasing nautical treasures for sale.

We expected this would be a relatively small event, but are encouraged at the feedback we received from swap meet veterans who noted that Pillar Point harbor is a great venue, and that with a little more attention to signage and marketing, the HMBYC should be able to "grow the event" into a really strong swap meet destination.

The swap meet idea is the brainchild of member Captain Randy Leasure and kudos to him for suggesting the idea and ensuring the word was spread via swap meet websites and Latitude 38. Additional kudos go to Leon Smith, Kathy Barbarino, Dean Skelton, and friends who used the swap meet as an opportunity to thoroughly clean and purge our sailing container of a lot of extra bit and pieces (aka junk).

For relatively small effort, volunteer dependency and overwhelming support from our own Harbormaster, Dan Temko, and the San Mateo County Harbor District Board, the revenue generated from the swap surpassed our former Dream Machines wine booth fundraiser. Look for the 2nd annual swap meet next year!

HMBYC By-Laws and Proposed Revisions

This is the first of a three-part series to publish proposed improvements to the HMBYC by-laws and solicit feedback and member contribution. As we plan for the future, the Board of Directors have reviewed the club's by-laws and would like to propose a few improvements to or by-laws in order to legislate some efficiencies and clarify some language (and confusion) currently found in the club by-laws. As you may be aware, any changes to the by-laws require approval of the voting membership. The Board expects to offer these proposed changes, for vote and approval, at a general membership meeting in the August-September time frame.

This month, the Board would like to review proposed changes to the by-laws that streamline general membership voting and the Board electoral process.

Currently, our by-laws require an elaborate process for the election of Officers and Directors of the club. This elaborate process includes a requirement for the mailing of ballots to the general membership. The advantages of this process ensures the general membership is informed of the slate of candidates and is extended an option to vote.

Our club's traditional practice is to choose a slate of candidates that is typically uncontested. Uncontested means only one candidate for a position is identified. Nominees for Officer and Director positions have been uncontested in every club election, with less than 5 exceptions in our 26-year history.

The Board agrees the requirement to send mailed ballots for an uncontested slate is costly, cumbersome, and inefficient.

The board has carefully considered several remedies and suggests the following by-law modifications that both protect electoral process integrity while offering a streamlined election solution when ballot positions are uncontested. The Board recommends the following by-law modifications.

For the current by-laws refer to the club website: <http://www.hmbyc.org/mbrshp/bylaws.html>

Proposed Article XIV (underline indicates change):

Article XIV, Election of Officers and Directors

At the September Board of Director's meeting the Board shall appoint a Nominating Committee (two incumbent Board members and three members-at-large) consisting of a Chair and four (4) members. The board shall appoint alternate members of the

Committee who will serve in the event that any other member is unable to serve.

The Nominating Committee shall nominate, at least, one regular member for each Board position. It shall require a majority vote of the Committee to nominate and their report shall be signed by the Committee members who concur therein.

The Nominating Committee shall present its nominations at a duly called meeting of the general membership in October. Additional nominations may be made from the floor providing the nomination has at least seven (7) seconds by regular members. The seconds may be in the form of a written petition or be made from the floor.

If after the Nominating Committee has presented its nominations to the general membership and no nominations from the floor are received so that any or all Board nominations are uncontested, then a formal ballot mailing for any or all uncontested seats may be deemed unnecessary by a vote of the voting membership present and entitled to vote.

If a formal ballot mailing is deemed unnecessary then the nominees may be elected by a vote of the voting membership present and entitled to vote.

If formal ballot mailing is deemed necessary then upon the close of nominations, the list of nominees shall be posted on the Clubhouse bulletin board.

In the event of a ballot mailing being required, at the October Board of Directors meeting, the Chair shall appoint an Elections Committee for the purpose of counting the ballots. No incumbent Officer, Director, Member of the Nominations Committee or Nominee shall serve on this Committee. The Committee shall certify in writing to the Board of Directors a correct count of the ballots cast.

The Secretary shall compose a ballot containing all of the nominees and the position for which they are nominated. The ballot shall be mailed to all regular members at least fourteen (14) days prior to the November membership meeting, which is usually the Annual Awards Dinner in November.

The ballot shall be accompanied by a special return envelope addressed to the Elections Committee. Ballots must be received by the Election Committee at least three days before the November membership meeting.

The nominee receiving the largest number of votes for a position shall be declared elected to that position. In event of a tie vote, a second ballot containing only the positions involved in the tie shall be prepared. This ballot shall contain the names of the two nominees receiving the highest number of votes and shall be mailed to all regular members. The Elections Committee shall determine the schedule for returning the second ballots. In the event the second ballot results in a tie, the Elections Committee shall determine the winner by lot. The

names of all elected officers and directors shall be posted on the Clubhouse bulletin board and in the Club newsletter.

Comments:

The current Article XIV governing the election of Officers and Directors is 1) simply confusing, 2) not written sequentially, in order performed tasks, and 3) requires a mailed ballot, even for an uncontested slate of candidates.

The proposed improvements 1) make the process easier to understand, 2) improve the logical flow of performed tasks, and 3) provide an option for the membership to choose to forego a mailed ballot in favor of election by roll call or acclamation.

Proposed Article IX:

Article IX, Meetings

A meeting of the general membership shall be held, at a minimum, of three times a year or as otherwise set by the Board of Directors, with at least seven (7) days written notice.

The Board of Directors shall submit at the general meeting of the members a report upon the affairs of the Club with such recommendations as the Board deems necessary.

There may be special meetings of the members called by the Board of Directors held not less than seven (7) days and not more than ten (10) days after notice thereof to all voting members. At the request of five or more voting members the Board of Directors shall call a special meeting of the members to be held at such time and place as shall be designated by the Chair of the Board, upon not less than seven (7) or more than ten (10) days notice thereof to all voting members. During a special meeting, only the items on the announced agenda shall be discussed.

At any meeting of the members, a quorum shall consist of twenty-five percent (25%) of the voting membership. Unless otherwise provided in these by-laws, any matter may be passed upon by the members at a duly called meeting by a vote of the majority or by acclamation of the members-in-good-standing present and entitled to vote, provided a quorum is present. Voting by proxy is permitted, provided the proxy vote can be directly attributed to a member in good standing and entitled to vote and may not be counted when received after the official vote.

At any meeting of the membership, if a quorum is not established, the meeting may be postponed until a later date. Upon proper notification, the second meeting can be held not less than fourteen (14) days later than the first meeting. The members-in-good-standing present at the second meeting shall constitute a quorum.

Unless otherwise prescribed by the Chair, the order of the meeting shall be as follows:

Roll call and introduction of guests
Reading of previous minutes;
Report of officers;
Report of committees;
Unfinished business;
New business;
Miscellaneous;
Adjournment.

Except where inconsistent with these By-Laws, Roberts Rules of Order shall govern the conduct of all Club meetings.

Comments:

The description for how members “in good standing and entitled to vote” is currently addressed in Article IX. To avoid the possibility of creating multiple methods of voting the Board has chosen to clarify how voting is conducted in this article rather than embed a new, and possibly contradictory, process in Article XIV.

The inclusion of a by-law provision that permits voting by acclamation is a very sensitive proposition and has not been taken lightly. However, acceptance of this addition ensures the club’s voting process is efficient while protecting the democratic integrity and fairness originally intended by the by-laws.

Voting “by acclamation” is commonly defined as, “with widely and enthusiastic approval” and permits votes to pass without formal roll call or ballot based elections. With the inclusion of “voting by acclamation,” the quorum requirement in the article remains unchanged and protects “railroading” of items at a duly called yet poorly attended meeting of the membership where a quorum could not be established. In simple terms, a quorum must be present to permit voting by acclamation.

This proposal also modifies the voting by proxy restriction to accept member votes via e-mail.

Ahoy and Welcome to our Newest Members:

Neil Hooper & Cecily Hatchett
 Gary Palm and Donald Ridone
 Walter & Patrica Wyckoff

Come one, come all! Let's kick-off summer at the HMBYC General Meeting and Membership Appreciation Party on Saturday May 21, 4:00 pm. A Membership Appreciation dinner to follow!!! Music, door prizes and fun, plus a great dinner!! See you there.

May and June are "Membership Madness Months" for the Club. We are offering a \$50 ships store credit to all new members. Refer a member and receive a \$25 ships store credit, or two free Friday Night Dinners. Use your "Friends Feast Free" coupon and bring a friend to the Club. They get a free meal, you get a nice evening with friends and the Club has an opportunity to do what she does best...accommodate friends. We will end our "Membership madness" Drive with a New Member Party and Open House at the end of June.... So stayed tuned and tell a Friend!!!

Don't forget about our facilities work party day on Sunday, May 1. This is a great way to spend time with fellow members while doing the much-needed brite-work, making the club look "yar" for upcoming

events. As an added attraction, we'll jump-start the south-of-the-border celebrations with an "uno de mayo" party of our own. Workers can enjoy a Mexican beer or margaritas while feasting on Fajitas, refried beans and a Mexican salad. So come on down!

Happy May and See You at the Club!!

-Veronica Ciari, Membership Director

UPCOMING EVENTS

Come and “Party with a Purpose” on May 1!

Facilities Director Leon Smith will be holding a workparty day at the club on May 1. “I hope to get it cleaned up in time for the Mother’s Day brunch,” says Leon. Work will begin at 10 a.m. and will continue well into the afternoon. People are welcome to come for as much or as little time as their schedules allow. The club will provide a barbecue lunch to volunteers around 1 p.m., and the bar will be open.

No special skills are required, and you don’t even have to bring your own tools. “We’re pretty well supplied,” Leon says. “People might want to bring their favorite gardening tools if they plan to work on the yard.” The gardens around the club’s entrance need a lot of weeding, and there may be some new plants to put in. There is also a lot of grass to be trimmed, including in the boatyard.

Other jobs Leon hopes to polish off include cutting pallets and wood slats into firewood, cleaning windows, hanging extra burgees, and stenciling chairs to identify them as the property of the club. “And the beer coolers really need cleaning,” Leon says. “One of them is starting to look like a science experiment.”

Bring the whole family and turn the workparty into a real party with the stereo playing music and kids and dogs playing on the beach. “It’s disappointing when nobody shows up,” says Leon, who recalls past successful workparties drawing anywhere from 3 to 10 people. “Fifteen would be great. It’s more fun with more people.”

If you can commit in advance, call Leon at (650) 726-5649 to let him know. But drop-ins are also welcome. “It’s everybody’s clubhouse,” he says. “Come on out and help make it beautiful.”

Attention All Our Youth Sailors!

Friday at 4 PM, the HMBYC is the place to be! Come sail during the new **Friday afternoon Youth Sailing Program**. We’ll be setting up some races with great prizes and there will be pizza and drinks for everyone. This will be a great chance for young people to get together, meet new friends and hone their sailing skills. Come on down and bring a friend. We also encourage interested parents to help us make this a wonderful activity for our children. We need assistance in setting up some simple races, coaching participants in racing strategies and generally making this run smoothly. We have several Lasers ready to go, but welcome any parents who want to get their C15s in the water. If you would like to participate or have any questions, please email Kathy Barbarino at kbarbarino@comcast.net or phone 728-5474.

OYRA Race to HMB June 26

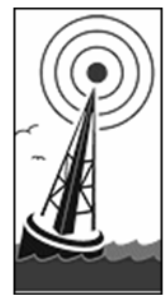

This annual keelboat race is hosted by HMBYC. The race starts at the St Francis YC on the cityfront, and finishes at buoy 3 outside our harbor. Volunteers are needed for race committee and for planning and feeding our visiting racers. And don’t forget to watch the boats come down the coast - under spinnaker if the normal winds prevail, and come visit the racers on our deck in evening. Contact Terri Lahey or Phill Armstrong to help.
